MEN SCHOOL FOR TIME STUDY -- Scantels, No 1304, 17 Dec 48

A new school for time study has been opened in Bucharest at the former "Polizu" Lycee (secondary school). The courses will last 3 months and upon graduation the pupils will be sent to work in the accounting departments of various enterprises. At present, there are 83 pupils representing the graphic arts, paper, wood, and furniture industries.

MODEL LOCCHOTIVE NAME BY APPRENTICES -- Scanteia, No 1310, 24 Dec 48

The apprentices of the Timisoara Shops of the Rumanian State Bailroad have built a model locomotive, scale 1:5,230, for the students of the local polytechnical school. Much of the work was done by apprentices Mihail Elemes, Mihail Chiru, and Stefan Eichhof. The locomotive was built in the course of a socialist occupatition with pupils of "Ch. Cheorghiu-Dej" Trade School in Paltinis. The apprentices were advised and aided by Foreman Turi.
